Review

"Tactics for TOEIC® is light years ahead in terms of visual appeal, user friendliness and accessibility of exercises to prepare the skills." Simon Yates, corporate trainer, major multinational company, Japan "Tactics for TOEIC® immediately struck me as a well-structured, attractive, and easy-to-use book ... It has a good variety of activities and I was especially impressed by the "learn by doing" section as an alternative/supplement to the usual test practice exercises common in most TOEIC preparation books."

Benedict Rowlett, Meiji University, Japan
